Take it from Here

NOTES FROM A CITY EDITOR'S DAYBOOK—Ordinarily, in these modern days, you hear a cry here and there that Christmas is over-commercialized.

In the Rock Island area, for example, there is a movement centered around the theme, "Put Christ back into Christmas."

But Harlan Miller, columnist for the Des Moines Register, has changed his mind about the commercial aspects of Christmas.

He says, "Formerly I was more awed and impressed by the austere denunciations of the 'commercialized' Christmas. I looked hopefully for more spirituality at Noel. It dawned on me slowly that things of the spirit are often imbedded deep in things of the flesh."

"A little girl's doll is a \$2.95 commercial item."

"But what price the love that brought it to her and the love within her that wells up?"

"So I forgive freely the merchants. What if the decorations were a day after Thanksgiving, or a few days before. It may seem overzealous. If the gift without the giver is bare, still we are a tongue-tied lot and often the giver without the gift remains an enigma."

"In other lands they observe the Yuletide perhaps more ardently. But if you celebrated Christmas in Argentina or Paraguay you might come to prefer your Christmas over-commercialized in Iowa to your Christmas under-commercialized."

"Alas, we aren't all geniuses; we can't compose sonnets or sing songs or sound a silver trumpet to gush out our love for our neighbors. . . . Confronted by the strange and perplexing posture of brotherly love, we freeze."

"So we give each other hopeful and merry gifts and trust the recipient will read between the lines."

"Ah, if only the spirit of Christmas could be dammed up in a great reservoir this month and the spillways opened later on to provide a little more brotherly love all year! If we could celebrate 11 other Christmases on the 25th of every other month! I refer this to a committee of godly men and merchants."

"Have I suddenly gone mad, realistic? I doubt it. I hope not. I pass for a spiritual type. But a man never knows, for sure. . . . A blend of toys and theology seems to be working fairly well. . . . Let's leave the Christmas decorations up all year if it'll remind us to love one another."

Cold Creeps Into Florida

By The Associated Press
Below freezing weather spread over sections of the Southeast into northern Florida today as December's steady cold spell continued from the Rockies to the Atlantic Coast.

It was a chilly 24 degrees in Cross City, Fla., this morning. Miami reported a low of 49.

Another blast of Arctic air moved across the northern Plains and moderate to heavy snow fell in the northern Rockies. A strong westerly flow of winds brought snow flurries measuring up to 3 inches in Missoula, Mont., and 2 inches in Billings.

Snow flurries were general over other sections of the Pacific Northwest. Light snow fell northeastward from the middle Mississippi Valley into the northern Great Lakes region. Skies were mostly clear elsewhere although some snow flurries were reported in the mid-Atlantic states.

The fresh blast of icy air into the Northern Plain sent temperatures tumbling below zero. It was 5 below at Minot, N. D., a drop of 14 degrees. The -4 at Dickinson, N. D., was 18 degrees lower than 24 hours earlier, while Casper, Wyo., with 13 above, reported a drop of 21 degrees.

LAWMAKER SNOOZES IN ARIZONA—Thomas D. Fridena, member of the Arizona House of Representatives, stretches out for a nap Dec. 16 while legislative leaders tried to work out a compromise on a controversial tax bill. The bill was "kidnapped" by Sen. Harold Gissel, who refused to tell where it was, throwing both chambers into a deadlock. (U. P. Wirephoto)

U.N. Deadlock Still in Force Lottery Over Nations Cause of New Snarl

UNITED NATIONS, N. Y. (U. P.)—The U.N. General Assembly bogged down in a diplomatic tangle late Friday night over a lottery scheme designed to break the deadlock on a disputed Security Council seat.

Instead of winding up the 13-week old 10th session, Assembly delegates recessed and agreed to come back Monday morning to vote all over again on a hotly contested plan to give Yugoslavia the council seat next year and the Philippines the seat in 1957.

Proposed Lottery
Assembly President Jose Maza of Chile proposed the lottery plan after 24 ballots failed to elect the third nonpermanent member of the Security Council for 1956-57. The proposal drew immediate protests from a dozen delegates and the adjournment until Monday came after the 35th ballot failed to produce a winner.

Maza called representatives of the United States, Britain, Russia and France into his office after the 24th ballot. With them were representatives of the African-Asian bloc and the Latin American group.

He also called in Brig. Gen. Carlos P. Romulo of the Philippines and Leo Mates, Yugoslav ambassador, and proposed the plan: calling for the Assembly to elect the country whose name he pulled out of a box first. Under the proposal that country would agree to serve until the end of 1956, then resign and allow next year's Assembly to elect the other for the remaining year of the term.

Both Agreed
Those present said both Romulo and Mates agreed.

Maza was blindfolded and the names of Yugoslavia and the Phil-

ippines were put in a box. Maza drew Yugoslavia's name.

The Assembly, which spent the day voting its \$48,800,000 budget for the next year and approval of President Eisenhower's "open sky" plan for aerial inspection as a disarmament prelude, came back after a recess.

Whittier, Calif. (U. P.)—A student teacher from Whittier College, alma mater of Vice President Nixon, was regaling the kiddies at the Broad Oaks nursery school with "The Night Before Christmas" when her tongue tripped.

None Stirred

WHITTIER, Calif. (U. P.)—A student teacher from Whittier College, alma mater of Vice President Nixon, was regaling the kiddies at the Broad Oaks nursery school with "The Night Before Christmas" when her tongue tripped.

"Come Dunder, come Blitzen, come Francer, come Nixon."

Not a Democrat in the house stirred.

Daily News Publisher Is Target for Extortion Plot

MIAMI, Fla. (U. P.)—A Negro minister's son arrested here Friday night has admitted that he tried to extort \$600,000 from publisher John S. Knight by threatening his family. The Federal Bureau of Investigation said today.

The Negro, 20-year-old Peter Napoleon Williams, Jr., was captured when he picked up a dummy package which had been placed on a garbage rack behind a row of houses.

FBI Agent Charles E. Weeks said Williams at first told officers he had opened the package only out of curiosity, but later admitted that he wrote the extortion note to Knight, publisher of the Miami Herald, the Chicago Daily News, the Detroit Free Press and the Akron Beacon-Journal.

Extortion charges will be filed against Williams, probably later today, Weeks said.

Knight received a crudely written two-page letter in Chicago after it had been mailed in Miami. The FBI said the letter threatened death to Knight's family unless the demand for the \$600,000 was met. The letter was signed "Extortioners, Inc.," Weeks said.

A map specified where the money was to be put at 9:30 p. m. Friday.

The letter warned that all Knight's telephone wires were tapped and said that both he and his family were under constant watch. The demand for the money was made after a year's study, the letter added.

Fane Lie Test Inconclusive; Mrs. Fane Remains 'Missing'

Mother of Four Gone Two Weeks

Police Hope Spirit Of Christmas Might Reunite Dixon Family

Two weeks ago today a 28-year-old Dixon woman turned up missing from her home and family.

With Christmas only a week away, the whereabouts of Mrs. Mary Fane, 1023 S. Peoria Avenue, remains a mystery today. She is the mother of four small children.

Joseph, her husband, Friday submitted to a four-hour lie detector test in Springfield. He took it voluntarily.

The results of the test are "inconclusive," according to Chief of Police Earl Kelchner. He explained that he is expecting a detailed report on the examination from Springfield in about a week.

Search Goes On
Meanwhile, the search goes on by local, county and state authorities. Her description has been broadcast state-wide by the state police radio system.

Her grieving family is facing the possibility of a very unhappy Christmas if she does not turn up this week.

There is a glimmer of hope, however, that she might try to contact her youngest child today on his birthday. He is a year old.

A telephone check of the Fane household late this morning disclosed that no word had been received from Mrs. Fane.

Fane said Friday, while authorities were conducting a routine search of his house and grounds, "I just want to know that she is safe."

The search failed to disclose any new evidence that might aid authorities in their search.

Fane, who did not report her disappearance for nearly four days, appeared fatigued but quite rational about his ordeal.

Little Sleep
He told authorities that he had been averaging only about "five or six hours sleep" a day. He is a turbine operator for the Public Service Company and works nights.

Friday afternoon, the couple's oldest child was unable to shed any new light on his mother's strange disappearance.

He told State Atty. James Bales

Motorized Duck Thieves Kill, Maim Mallards

Theodore Schulte, a farmer south of Franklin Grove, reported to Sheriff John Stauffer Friday that motorized duck thieves made off with a number of his mallard ducks Thursday night.

Schulte said that the car drove into his farm yard late at night, made a "pass" through a flock of ducks, leaving seven or eight dead and others injured. He said that he was sure that the men in the car stopped and picked up some of the dead ducks.

"Darnedest thing I ever heard of," Schulte said a reporter.

Atlantic Pact Nations Act to Meet New Threat

Improved Defense Program Approved at Paris Meeting

PARIS (U. P.)—The Atlantic Alliance, ending its first post-Geneva meeting in the chill of the renewed cold war, embarked today on an improved defense program designed to meet "a new challenge to the free world."

The NATO Council, composed of representatives of 15 countries, reported in an unusually blunt, communique the general lines of its future defense planning to meet an expanding threat from the East.

The statement said all members were determined to see the Atlantic forces equipped with the most modern weapons, with special emphasis on air defense and warning in Europe.

The council also cited "recent provocative moves and declarations by the Soviet Union regarding the Middle East and Asia" and said these tactics coupled with Russia's steadily growing military power, presented "a new challenge to the free world."

U. S. Secretary of State Dulles who headed the U. S. delegation, today threw America's weight behind a new drive toward European union. He talked with statesmen who are planning a pool of nuclear energy for peaceful industrial purposes as another step toward the goal of complete integration in a common economic market.

Dulles opened these talks with a discussion of the project with Jean Monnet, author of the European Steel and Coal Community, who has mobilized political leaders in France, West Germany, Italy, Belgium, Holland and Luxembourg behind the atomic pool idea.

LIFT EMBARGO
SEOUL (U. P.)—President Syngman Rhee today authorized lifting the blanket embargo against trade with Japan which was imposed Aug. 18, the Ministry of Com-

merce said.

Arab Nations Ask UN to Oust Israel

UNITED NATIONS, N. Y. (U. P.)—Aroused Arab members of the United Nations pressed today for Israel's ouster from the world organization because of a bloody raid on Syrian posts.

There was, however, little indignation that the Arab bloc would muster enough support to carry through with the move.

The ouster campaign got under way after Syria's chief delegate Ahmed Shukairy called on the Security Council Friday to apply economic sanctions against Israel.

He told the council that 49 Syrians were killed in an Israeli attack Sunday night on Syrian positions near the east shore of the Sea of Galilee.

Ten of the 11 council members decried the attack. They made it plain that they intend to censure Israel if the facts bear out Syria's charges. The council agreed to wait, however, for a full report from Palestine trustee chief, Maj. Gen. E. L. M. Burns before taking any action.

Burns flew to Damascus Friday. He conferred with Gen. Shaukat Shuqairy, Syrian army chief of staff. Informed sources said Shuqairy demanded release of Syrians captured in the raid Sunday.

JAPS BUY RICE

MILAN (U. P.)—Japan has bought 32,000 tons of Italian rice, the national rice agency announced here today.

Report Britain, U. S. Ready To Finance Dam for Egypt

PARIS (U. P.)—The United States and Britain were reported authoritatively today to be "90 per cent agreed" on raising 400 million dollars to help Egypt to build the world's highest dam at Aswan on the Nile.

A high Allied diplomat said a chief purpose of Western assistance in the \$1,300,000,000 project would be to forestall a Soviet offer to furnish all outside assistance as a 50-year loan at 2½ per cent interest.

The plan later reportedly provides:

1. The International Bank for Reconstruction and Development (World Bank) would furnish about half the foreign assistance, 200 million dollars. This would take the form of a 30-year loan to Egypt at 4½ per cent interest.

The United States would provide about four-fifths of the balance, approximately 160 million dollars over the next 10 years. This would be in the form of outright grants which Congress is expected to approve next year.

3. Britain would come up with the remaining fifth, about 40 million dollars.

4. Egypt would pay for the local labor costs.

Egypt's Premier Gamal Abdel Nasser is anxious to build the dam. It would water two million acres of dry soil and eventually bring light and power to many Egyptian homes and projected factories.

Doubled Budget in Prospect

Administration Scales Up Funds For Arms Abroad

WASHINGTON (U. P.)—Top administration officials are reported drafting a stepped-up foreign aid request to Congress of nearly five billion dollars for next year—some \$2,200,000,000 more than the legislators voted last session.

Informants said the big new program, partly in answer to Russia's tougher anti-Western policies, would be divided up this way:

Military assistance—about three billion dollars, triple the amount Congress approved for the present fiscal year which began last July 1.

Economic aid—some \$1,900,000,000, about \$300,000,000 more than this year's appropriations for such purposes.

High ranking administration sources who disclosed the size of the foreign aid plans acknowledged many congressmen would be surprised—perhaps shocked—by any move to push foreign aid appropriations that high.

Reverses Trend
A five billion dollar request, the biggest in four years, would reverse the recent trend toward lower foreign aid spending. Secretary of State Dulles and Foreign Aid Director John B. Hollister had both predicted publicly that next year's foreign aid would continue at about the level as this year—\$2,700,000,000.

Several congressional leaders said after a foreign aid briefing at the White House Tuesday they understood the administration's new money request would amount to about \$2,800,000,000.

Even that, said some lawmakers, was too high as far as they were concerned. Bigger foreign aid spending would obviously hurt prospects for a balanced budget and a tax cut.

Late Decision

Well-posted government officials reported several days before the White House meeting that the administration had agreed on a figure of about \$2,700,000,000.

In explaining the new, higher total, officials who helped draft it said the biggest part, the three billion dollars for weapons shipments overseas, was not finally decided upon until mid-week.

President Eisenhower could still change the program before he formally requests the funds in a message to Congress Jan. 17. But these officials said they expected no major changes.

Filippino Hospitality Wins Praise

WASHINGTON (U. P.)—A girl student from Illinois says Filipino farm families are so hospitable that "I forgot that I was actually living in a foreign country."

Natalie Sue Wiggers, 21, Lincoln, Ill., related her experiences during a 4-month visit to the Philippines under the sponsorship of the national 4-H Club Foundation's international farm youth exchange program.

The young people taking part in the program live with farm families in foreign countries while youth from those lands are visiting in the United States.

At an Agriculture Department meeting with government agency representatives and newsmen, Miss Wiggers said she lived with 37 Filipino families for periods up to nine days each.

Each of these families owned some land, though generally only a couple of acres or so, she said. Miss Wiggers' own home is on a 380-acre farm in one of the richest agricultural areas of this country.

She is a senior at the University of Illinois and plans to complete her studies next semester after giving several talks throughout the state on her trip.

STEAL \$23,000

LONDON (U. P.)—Burglars broke into the London apartment of Italian film actress Pier Angeli Friday night and made off with jewelry worth \$23,000. Miss Angeli and her husband, crooner Vic Damone, discovered the loss when they returned from a party.

Judge Fines Man 25 Cents Then Pays the Fine

ATLANTA—It cost a judge 25 cents of fine a man for contempt of court.

This is how it happened during a domestic relations case in Fulton superior court Friday.

Mrs. Louise Kuher Looney claimed her estranged husband, Joseph T. Looney Jr., violated a restraining order when he went to a drugstore where she worked, used abusive language and threatened her cousin.

Looney told Judge E. E. Andrews he believed the cousin was instrumental in breaking up his marriage.

Judge Andrews said he felt there had been a technical violation of the restraining order "but it was awful slight." He held Looney in contempt and fined him 25 cents.

Looney said he had no money with him.

"I'll pay his fine," the judge said, and he did.

Farmer Sues to Block Toll Road Challenges Legality Of Bond-Selling Plan

CHICAGO (U)—Another lawsuit is threatening to tie up Illinois' toll highway construction program.

The suit was filed in Circuit Court Thursday by Harold M. Quincer, a Belvidere farmer whose property would be crossed diagonally by one route of the toll road system.

His complaint challenges legality of the bond selling arrangement between the Illinois Toll Highway Commission and an underwriting syndicate headed by Glor, Forgan and Co. and Halsey, Stuart and Co. Quincer based his challenge on his claim that the two companies served as confidential advisers to the commission in determining terms and amounts of bonds at the same time they made bids as purchasers of the bonds.

The suit asks that the commission's resolution to sell to the underwriters be rescinded and that State Treasurer Warren Wright be restrained from receiving any money from them and from making any interest payments on the bonds.

Also challenged in the suit is an arrangement in which, it said, the underwriters would exchange 20 million dollars in toll road bonds for 30 million dollars of U. S. Treasury bonds owned by the New York Life Insurance Co. The suit maintains bonds should be sold only for road construction.

Quincer contends the underwriters would make a profit of eight million dollars on the bond transaction.

Defendants are the toll road commission, the state treasurer and the two underwriting companies.

Advertising helped make the difference

FOLKS USED TO BUY refrigeration in fifty pound pieces. Frozen foods were unheard of... ice cubes an impossibility... and that drip pan under the ice box always seemed to be overflowing. Today, a silent, white-enameled ice man stands in millions of kitchens.

But to mass produce millions of refrigerators, manufacturers must be able to sell them by the millions. Only by advertising can a manufacturer talk to millions of people at one time.

ADVERTISING TELLS the story of new refrigerators... and helps sell them. The more it tells, the more must be made—keeping the production lines and the jobs going. The result: newer, better appliances at prices more people can afford to pay. Advertising helped make the difference—in refrigerators, and in our American way of life.

A NARROW LOT can give a small family comfortable accommodations and a bit of glamor in living quarters when a house is planned in this manner. The main part of the house is only 16 feet wide. Carport adds about 20 feet so entire house should fit easily on a 50-foot lot with plenty of elbow room for local zoning requirements. No basement is called for in this plan -- an economical design. The house covers 920 square feet and contains 8,859 cubic feet -- convenient figures for obtaining building estimates. This is plan H-407AP by the Homogref Co., 11711 East Eight Mile R., East, Detroit, Mich. Sliding glass doors between living room and terrace and a corrugated fiber glass roof for the terrace are among specifications. The amount of closet and storage space is a feature of this plan.

Or Could It Be a Bit More Snug?

New Developments Seal Out Cold Air

By DAVID G. BAREUTHER

This is the season of window problems.

Panes fogged with condensation are dripping moisture on woodwork and wallpaper, leaving streaks on the glass to spoil last week's window washing job. Jack Frost's chilly art work on the glass makes us move our chairs closer to the middle of the room. Drafts whistle in around the edges of sash and frame to remind us that our little shack is neither tight nor snug.

It all makes you wonder how people will live in these new houses that have glass walls two stories high.

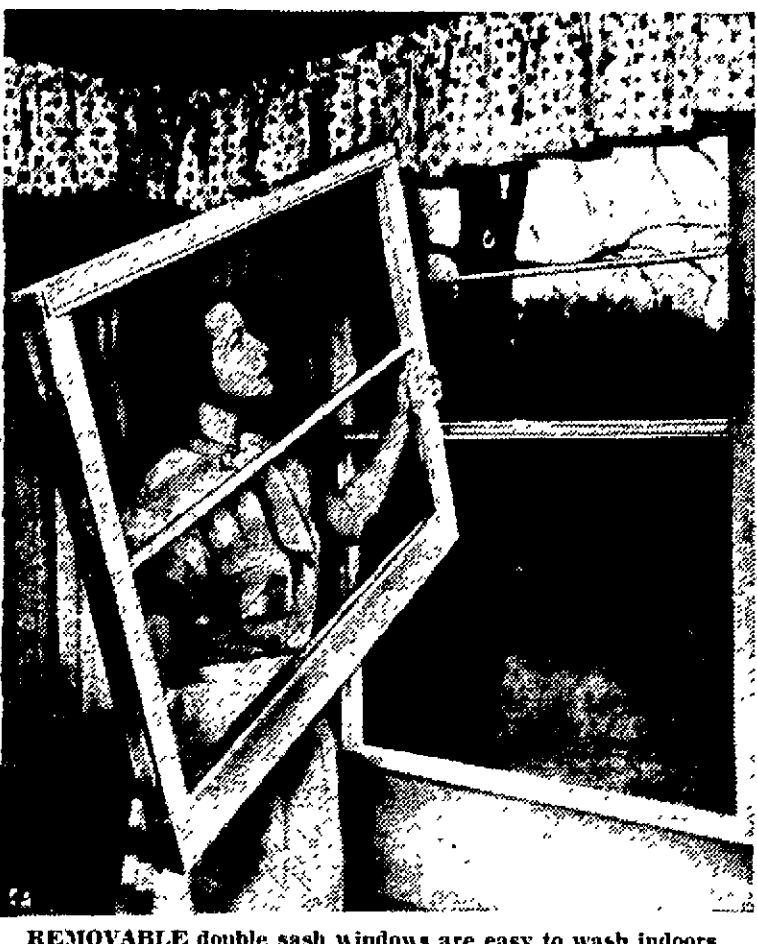

Well, for one thing, they'll have to live right and keep their houses ventilated enough to get rid of excess humidity from baths and cooking, laundering and indoor house plants. They will use double glazing, or wood framed storm windows to prevent cold surfaces that sweat and chill. Secure weather-stripping and caulking will prevent cold air from being blown in or sucked in around their windows and doors.

New developments have made all of this possible and practicable. In fact, the recent construction of skyscrapers with curtain walls of windows set in metal panels has brought about a new big industry in caulking. The metal panels expand and contract so much that new elastic caulking materials had to be invented.

Don't Change Name

IF YOUR windows rattle and whistle in the winter wind, you don't have to change the name on your mail box to "Wuthering Heights." A lot of progress has been made in window design. A snug fit, without having windows stuck and bind has become so important that the U.S. Department of Commerce has set up rigid standards. The American Wood Window Institute (AWWI) is now issuing a seal of approval on windows that meet these standards.

If you are building a new house or remodeling an old one, you will find this AWWI seal on the edges of quality windows and doors. It means they are made

REMOVABLE double sash windows are easy to wash indoors.

from carefully selected and properly kiln dried wood, generally ponderosa pine; that they are defect-free and chemically treated to operate easily under all weather conditions.

Railroad cars and buses are probably not the only places you have a wrenched wrist trying to open a stubborn window. So the millwork people got smart and from now on their best windows not only have to be weather-stripped, but also will have a clearance within 1/32 of an inch and will have spring, spiral or pulley balances that call for only the amount of energy to match the weight of the sash, plus a friction load of 1.2 pounds per inch.

Simple Design Replaces Frills on Lamp Market

New Styles Vie For Picture-Window Fame

By KAY SHERWOOD

The picture window prominence of the delicate lamp with the fluffly shade is being challenged by new lamps that shed the froutrou and put the accent on simple and elegant design.

I'm not making any bets on how successful the challenge will be, but homemakers hunting for "just the right" lamp--not too fussy nor too bleakly modern--will find a satisfying variety of hand-some designs. Ideas and materials pulled from world-wide sources are adapted to fit into traditional or contemporary interiors.

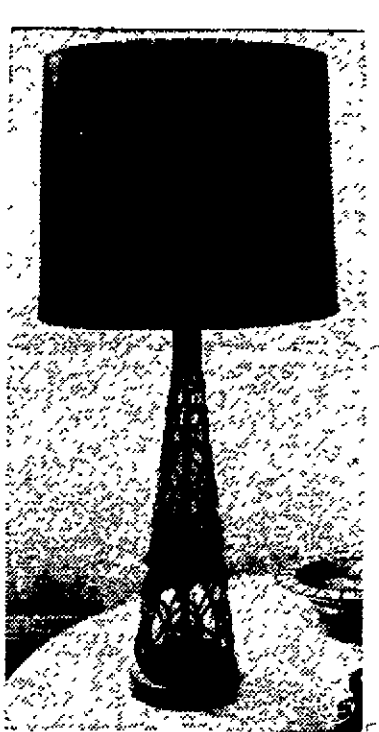

Italian glass. Scandinavian ceramics. Spanish filigree. Oriental metalwork plus a liberal use of American colonial motifs are all to be noted. Surface treatments of basic materials come into the foreground.

Many Possibilities

Glass bases, for example, may be tinted, marbled, cracked or frosted. Antique finishes subdue the gleam of pewter and brass. Often the polished sheen of wood is sprinkled up with brass touches.

One collection of floor and table lamps combines walnut and brass in a variety of ways. The designs are reminiscent of Duncan Phyfe, modernized and simplified.

Contours may be slim and columnar, rounded or curved, but many table lamps are rising to new heights to accommodate lower occasional tables. At the

Dark green Italian glass is wrapped in simulated "wicker" for a slender lamp that rises 35 inches tall. It's typical of this year's simple designs. Shade is green burlap.

same time, floor lamps stay short and slim out of deference to lower seating units.

Incidentally, I have seen several versions of the floor lamp with a tray girdling its middle to combine the functions of lamp and table.

Shades Are Simple

Shades, too, are essentially simple in shape but rely on textured surfaces for eye appeal. Sometimes the texture is brought out by woven fabrics, other times by intervenor yarn, velvet, metal, wood strands. Patterned shades keyed to the base also give a unified look to lamps.

Butterflies on the base will be

repeated in the shade. A ship-in-a-bottle base matches up to an old navigational map on the shade. Another striking shade is striped in thin walnut veneer strips to match the walnut base.

Prices, of course, cover a broad range, but I've been happy to find what I consider beautiful lamps in the moderate price range.

For a breakfast treat, flatten packaged buttermilk refrigerator biscuits and place a spoonful of raisins, brown sugar and butter on each. Fold edges together and seal. Bake and serve piping hot.

A slatted wood top on a picnic table will drain and dry quickly after a rain.

A small grease fire can be put out by pouring baking soda or salt on the burning area. Never throw water on a grease fire. It inspires it.

Q--We've just removed a non-bearing plaster partition and have found that the ceiling is a different thickness on either side of where the partition used to be. If we simply filled in with plaster, a very noticeable ridge would remain. What do you advise? -- Mrs. K. R.

A--The only thing you can do is to chip away the ceiling plaster a greater distance from the partition's former location. The further back you cut out the plaster, the more you can be sure of a smooth ceiling when the cutout area is replastered. Incidentally, for such a job as this, you would be wise to call in a professional plasterer.

Dark-Horse Handicapping

With Governor Lausche of Ohio and Senator Kefauver of Tennessee tossing their hats into the ring, the Democratic presidential line-up may be said to have taken on firm shape. Adlai Stevenson now knows beyond doubt who his competition is.

Kefauver's candidacy, of course, has been in a cellophane bag for weeks. But Lausche's entry as an Ohio favorite son is a moderate surprise.

He obviously does not intend to make a hard run for it in the early stages of the campaign. The Ohio primary on May 8 is the only one he plans to enter.

The sanest speculation is that he is putting himself in the "available" slot, much as Governor Harriman of New York already has done.

Both Lausche and Harriman, by declining to be truly active candidates, have acknowledged the strong lead Stevenson holds at the outset. But both want it understood they are ready to step in if the 1952 nominee should falter.

Lausche appreciates that Harriman's New Deal background might limit his acceptability to conservative Democrats, especially in the South. The Ohio governor could have a strong appeal among conservatives and moderates in his party. Not long ago, Senator Russell of Georgia mentioned him as a likely prospect.

On the other hand, Lausche, who is an unabashed admirer of President Eisenhower and virtually admitted that in 1950 he voted for the re-election of the late Sen. Robert Taft, might have trouble garnering support among northern liberal Democrats.

He has the further handicap of being a political lone wolf. Organization Democrats in and out of Ohio do not embrace him. He has not done them many services, and they do not forget.

The same problem dogs Kefauver, of whom Oklahoma's Senator Kerr once said: "The hunters won't hunt with him, and the hounds won't run with him."

Kefauver never has had any great illusions about his standing among the party professionals. He must stand or fall on the strength he can build through winning primary contests. But as 1952 showed (he won 13 of 15 he entered), even a smashing primary record is no guarantee of success in the convention.

Nevertheless, he could hardly achieve that kind of show in 1956 without taking Stevenson into camp three or four times. That would finish Stevenson, in the view of the experts. And in the fluid convention situation that then would follow, Kefauver's chances could not be wholly discounted.

How Do You Explain Dad's Drunk to the Children?

A man who works hard all week and brings home his pay is entitled to get drunk in his own home once a week, a Rhode Island judge said in court recently.

It's too bad the judge didn't tell the wife who had her husband up before him just how to cope with a husband's "rightful" once-a-week drunk.

What does she tell the children when Papa gets pley-ed? Does she quote the judge's disillusioned words that "Life would be pretty dreary for the average man unless he could have a drink now and then?"

Does she say, "Look kids, earning a living for his wife and children is such a depressing and hateful burden that the only way a man can stand the strain is by getting drunk every so often?"

Does she send the kids off to bed early with the warning, "This is the night your Dad drowns his sorrows in drink. If you're smart children you'll make yourselves scarce. And since he'll probably have a hangover tomorrow morning, you had better watch your step, keep quiet, and try to stay out of his way."

IT'S THE FAMILY THAT DOES THE SUFFERING

It's real easy to talk about a man's right to get drunk when he feels like it.

But it is the wife and the children of a man who has to suffer through the disillusionment, disgust and damaged pride of seeing the man of the house drunk.

So anyone who tells a husband and father he has a right to get drunk in his own home ought to at least tell his wife to justify his drunkenness to his children.

And that is a big order. For children have a natural horror at seeing their parents changed—as drink changes those who over-indulge.

And there probably aren't any words that can change their disgust and shame into placid acceptance.

A Saturday Night Historical Notebook

2,000 Years Old, Yet Ever New... Christmas Brings a Lull... A Holiday Portrait

By ROGER THOMPSON
Telegraph Staff Writer

This is to be our Christmas column. In the belief that you will be fully occupied the next two Saturdays with Christmas trees, gifts, family reunions and New Year's resolutions, we intend to take a brief vacation from "The Notebook."

Writing the Christmas column is one of the most difficult tasks of the year. One always feels the story has been told before in better words than he can produce.

We deal in history here, and perhaps Christmas is not a subject that lends itself to that treatment. It commemorates an event almost 2,000 years old, yet it is ever new. It is reflected each Christmas Eve in the eyes of children and the lighted windows of churches.

To those of us in the newspaper field, it seems that Christmas brings a lull. "The tumult and the shouting die," those who ordinarily make the news are silent, and all observe Christmas.

We checked into one of our favorite sources of information, The World Almanac, to try and find what historical events have taken place on Christmas Day through the years. Those we found are:

Charlemagne, king of Franks, was proclaimed emperor by Pope Leo III on Christmas Day in the year 800.

Plymouth Pilgrims began building first common house on Dec. 25, 1620.

Washington defeated British at Trenton Dec. 25 and 26, 1776.

Nazi drive in Battle of Bulge stopped on Dec. 25, 1944.

Those were the only events we found in an admittedly brief and unmethodical search.

Before we begin our observance of the holiday, here are a few notes gathered from here and there.

Any Dixieite of 1855 could have delighted his friends with a daguerreotype of himself taken in J. B. Waxham's new "skylight gallery." In a bid for trade, Mr. Waxham inserted the following in the Dixon Telegraph:

Hark! ye who want a picture fine,
A semblance of the "face divine."
One keen to mark Time's nearing flight,
One to rejoice the lover's sight,
One that e'er draws the distant near,
A gift, your cherish'd friends to cheer,
Try J. B. Waxham, he's the man
To suit your taste if artist can.

His skylight rooms are now complete,
With any West may well compete,
Where light and shade harmonious (sic) blend,
And all to his success doth tend,
His apparatus, bright and new—
Advantages enjoyed by few—
Not only aid in doing well,
But bid him onward to excel!

If you should call on cloudy day,
This is no cause to turn away.
For all of beauty to combine,

The sun need not so brightly shine;
So come to Rice & Ely's block.
Up two pair stairs, there you must knock,
You'll find him ever at his stand,
Awaiting your polite command.

Wedding in Ashton Church

Winter Bride In White Lace, Satin Dress

ASHTON—A farm west of Rochelle will be the first home of newlyweds, Mr. and Mrs. Alan Albrecht. Their wedding, an event of Dec. 3, took place in the Lutheran church, Ashton. Rev. Orville Kalkwart officiated at the afternoon, double ring ceremony. Bronze mums were used in decorating.

Mrs. Albrecht is the former Barbara Eckhardt, daughter of the Frank Eckhardts, Rochelle. Mr. and Mrs. Earl Albrecht, Ashton, are the bridegroom's parents.

Wilbert Felgenhauer was nuptial organist and Mrs. Ray Law, soloist.

Gown of White

Given in marriage by her father, the bride was lovely in a floor length gown of Chantilly lace and nylon tulle over white satin. The lace bodice had a scoop neckline, outlined with matching lace flowers encrusted with iridescent sequins and small pearls. The full skirt of nylon tulle had fly-away panels of lace, beginning at the waist and widening to the end of the gown.

The bride's headpiece was a pill-box of Chantilly lace, outlined with the pearls and sequins and graced with pearl side grips. Her fingertip veil was of imported silk illusion net and she carried a bouquet of white roses and a matching orchid. Her gift from the bridegroom was a watch.

Miss Audrey Albrecht was maid of honor for her new sister-in-law. Her ankle length frock was of teal green. Her flowers were yellow roses.

Gene Eckhardt, brother of the bride, served as best man and Fred Sachs Jr. and Francis Menz ushered.

The bride's mother wore a peacock blue knit suit with black accessories. With her turquoise knit suit the bridegroom's mother also wore black accessories. Their corsages were of red roses.

Reception

A reception was held in the church basement following the wedding. Mrs. Evelyn Albrecht, aunt of the bridegroom, was in charge.

Carol and Betsy Albrecht, sisters of the bridegroom, were in charge of the gifts; Mrs. Don Wellman poured punch and Miss Grace Pumphrey poured the coffee. Mrs. Dale Macklin had charge of the guest book and another sister of the bridegroom, Mrs. Al Thibodeau, served the cake.

When the newlyweds departed for a wedding trip to Florida and New Orleans the bride donned a mint green suit with light carnal accessories.

A Rochelle high school graduate the bride is employed at Morgan Dyeing and Bleaching Co. The bridegroom, engaged in farming, is an Ashton high school graduate.

Attend Wedding

Out-of-town guests attending the wedding were from: Chicago, Belvidere, Rock Island, Rockford, Kankakee, Aurora, Rochelle, Amboy, Dixon, DeKalb, Peoria, and Hinkley, Ill.; Mason City, Ia., and Wisconsin.

Couples' Club, St. Luke's Has Plans of Dance

When St. Luke's Couples' club met Wednesday evening in the guild rooms of St. Luke's Episcopal church, further plans were completed for their New Year's Eve ball. The semi-formal dance will be held in the Dixon Masonic Temple with music by Marvin Stone's orchestra. Tickets are available from guild members for the 9 until 1 o'clock event.

LeRoy Martin, president of the club, has announced the following dance committees: Mrs. W. C. Patterson, tickets; Miss Kathryn Wright, student tickets, which are available at the high school, and Mr. and Mrs. Bert Whitcomb, the Cliff Martins, William Byrons, John Hambleys and Harlan Frazas, decorations.

The LeRoy Martins, Cliff Martins and Harlan Frazas were the committee for Wednesday's scramble dinner. A Christmas theme was used in decorating.

Holiday Party

Employees of the Club Cafe enjoyed a Christmas party Wednesday evening. Features of the evening were the gift exchange and refreshments.

Adviser Pilgrim Gives Christmas Safety Hints

BY JUNE PILGRIM
Lee County Home Adviser

Bring safety as well as "Santity" into your home for Christmas, and it will truly be a happy holiday for your family. As you trim the Christmas tree, place decorations in windows or on mantels, unwrap gift packages and prepare holiday fare, take simple precautions to keep your home free of accidents.

Reach those upper branches of your Christmas tree with a sturdy stepladder—not a makeshift device that's apt to toss you to the floor. And be sure to set the tree away from a heater, radiator or fireplace.

Select non-flammable ornaments and trimmings for your tree. Candles, cotton and paper invite destructive fires as do frayed and worn cords on tree lights. And remember that wax candles are taboo for tree or window decorations.

Watch that overloading of circuits during the busy holiday season. Add up the total load in watts and compare it to the size of the fuse. If the fuse is 20 amperes, it will carry about 2,000 watts. The number of watts used by each electrical appliance is listed on it.

Christmas tree lights alone may be a small load, but when an electric train, toaster or photo flood lamp is plugged into a circuit, a fuse is likely to be blown.

Another wise safety practice is to set your Christmas tree near enough to an electrical outlet to plug in lights without using an extension cord. An extension cord increases danger of shock from faulty cords, adds to the difficulty of making good connections and may cause tripping. Also, make sure to locate your Christmas tree away from water pipes, radiators, and the fireplace.

Once you've set up the tree, make sure that none of the wiring dangles in the water pan in which the base of the tree is set. If a bulb burns out, leave it in place until you replace it with a new one. Otherwise, something may fall into the open socket and give a shock or cause a fire.

When you leave the house or go to bed, turn off the tree lights. A branch may dry out, ornaments may slip and break and a fire may result if a filament of a broken bulb contacts metal decorations.

Remember that a fresh tree that gets water will keep its color and fragrance and look alive. One of our extension foresters with the U.S.D.A. says that as soon as a tree is brought home, you should throw cold water all over it. Then cut off the butt end about an inch slantwise to open the pores for drawing up water. Set the freshly cut end promptly in water and keep the tree in a cool shady place until it comes indoors for trimming. Continue to keep the tree in water and replenish it daily since a 5-6 foot tree may

take up as much as a cup of water a day.

Popcorn often becomes a part of holiday entertaining. When our Lee County Rural Youth's met recently to pack boxes for members now in service, we popped a goodly amount of it to cushion the packages.

The tasty and easy way to make popcorn is to add the fat and salt to the popper or skillet before popping. This method distributes the fat and salt evenly.

You can use vegetable fat or oil, lard or even bacon or poultry fat (if you like the flavor) for popping the corn. Butter or oleomargarine is not used for popping because it tends to stick and brown. It is usually melted and added after popping.

Here's a trick you might like to try—the making of caramel corn as you pop it. Add 3 tablespoons of lard, ½ teaspoon vanilla and one-half teaspoon salt to a six quart popper.

Heat the mixture until the lard is hot. Add one-half cup of popcorn and then one-half cup of granulated sugar. (The amount of caramelization is controlled by the time allowed between the addition of corn and sugar.) About one-half minute gives slight caramelization. Lengthen the time as

Mothers World War II Enjoy Holiday Party

Mothers of World War II held their annual Christmas party and meeting Wednesday afternoon in Loveland Community House. A turkey dinner was enjoyed by 22 members.

During the business session it was voted to send gifts of money for Christmas to veterans at Dixon State school, Marian and Downey hospitals.

Election of officers was held with Mrs. Etta Baker named president. Plans will be announced later for installation of new officers.

A Christmas gift exchange was enjoyed as the meeting closed.

Holiday Party

Xi Beta Upsilon Exemplar chapter, Beta Sigma Phi sorority, enjoyed a Christmas party and scramble supper Tuesday evening in Loveland Community House. Mrs. Harry Hanley was chairman of the party committee.

A short business meeting was held and a gift exchange enjoyed. Court whist was played with prizes awarded Mrs. Wesley Kilmer and Mrs. Harold Peterson.

You prefer. Be sure to stir continually during popping.

You can shape this caramel corn into balls. Do it immediately after the corn is out of the popper. Shape with your hands. If you wish, you can add chopped peanuts, walnuts, pecans, or black walnuts to the popcorn before shaping.

If you've had some trouble with popcorn popping it may be too dry. Cover the corn with water for two or three minutes only, then drain and dry thoroughly before you pop it.

McCarthy: Red Hearings Are a Sham

WASHINGTON (AP)—Sen. McCarthy (R-Wis.) today accused two Senate subcommittees of deliberately trying "to discredit anti-Communist security hearings by means of ridicule, unfair emphasis and downright misrepresentation."

McCarthy referred to subcommittees headed by Sens. Hennings (D-Mo) and Olin D. Johnston (D-SC) which have been conducting companion inquiries into the government's employee loyalty-security program.

Airing his charges in a letter to Chairman McClellan (D-Ark) of the Senate Investigations subcommittee, McCarthy urged that group start its own study of the security program.

The Wisconsin senator said he has been informed that "ridicule and intimidation by Senate committees and the press has caused a general relaxation of efforts by the executive departments to expose and get rid of Communist suspects."

McCarthy is senior Republican and former chairman of the investigations subcommittee. There was no immediate comment from Hennings, Johnston or McClellan.

Hennings heads the Senate subcommittee on Constitutional Rights. Johnston has been directing a Civil Service subcommittee investigation of what some Democrats have termed a Republican "numbers game" in listing totals of government workers fired as security risks.

Next 30 Days Will Be Cold, Says Forecast

WASHINGTON (AP)—The Weather Bureau says it will be colder and wetter than usual during the next 30 days. This is the outlook:

"The Weather Bureau's 30-day outlook for mid-December 1953 to mid-January 1954 calls for temperatures to average above normal in the Southwest and near normal along the Gulf Coast and in northern New England," the report said. "In the remainder of the country below normal temperatures are expected with the coldest weather in the Northern Plains."

"Greater than normal amounts of snow are indicated in the northern third of the nation from the Great Lakes westward to the Pacific Coast. Rainfall is expected to be above normal along the West Coast and below normal in the east. Subnormal precipitation is indicated in the southern half of the country except near normal in the Tennessee Valley and along the Gulf Coast."

British Seize Cypriot Gang For Slaying

NICOSIA, Cyprus (AP)—British troops today seized six members of a gang of Greek Cypriots who killed a British officer in a raid on Xyloussa police station during the night.

The six were arrested with their guns after troops chased the fleeing attackers and stopped a car. The men carried revolvers, rifle and automatic weapons. One of them is the son of a prominent Famagusta citizen.

The British lieutenant who died in the police station raid is the 11th British serviceman killed since the first British fatality on Oct. 26.

Police and troops went on the alert in Nicosia for the funeral service this afternoon of Haralambos Mouskos, cousin of Archbishop Makarios. He was killed by British Maj. Brian Coombe after a gang attacked a British jeep and killed its army driver. British officials feared Archbishop Makarios, who heads the Unite-With-Greece Movement, might order a demonstration at the funeral.

Kouskos, who had a price of 5,000 pounds on his head, was the first important leader of the Eoka extremist organization to be killed.

Mrs. Fane reportedly told the boy to take care of his brothers and sisters and obey his father before she left. This conversation reportedly took place on the second floor of the Fane's large frame house.

The child, a six-year-old boy, also shared his father's belief that his mother was in Chicago.

A check of Mrs. Fane's relatives and known friends has failed to disclose her whereabouts. A check of all transportation offices in Dixon has also proved futile.

Also missing is Mrs. Albert (Shelby) Burgess, 210 Monroe Ave., Dixon and her 18-month-old child. She reportedly disappeared Dec. 2 or 3 — about the same time Mrs. Fane apparently vanished.

Authorities have been unable to establish any connection between the two missing women.

Russians Bid To Win Over Afghanistan

KABUL, Afghanistan (AP)—Russia's touring leaders made a major bid Friday night to win over Afghanistan.

Soviet Premier Nikolai Bulganin, addressing a state banquet, expressed sympathy for Kabul's demand that a new nation—Push-toonistan—be carved out of the Pakistan border area where five million Pathan tribesmen live.

After the dinner, Bulganin and his traveling companion, Nikita Khrushchev, mixed with the guests at a reception. Veteran observers here said they had never seen Afghan Premier Sardar Mohammad Daud so happy. It was certain Bulganin had done the one thing the Afghans wanted him to do.

For years Afghanistan has been demanding that all of West Pakistan between the Indus River and the Iranian-Afghan border be made into a separate state. No nation has seemed to take the demand seriously. For a long time Pakistan ignored the demand, taking the stand that the Pathan tribal area was its own internal affair.

Pointedly, Pakistan officials have asked privately why Afghanistan wants independence for the five million Pathan tribesmen on the Pakistan side of the border and says nothing about a similar status for the four million tribesmen on its own side.

The Afghan government welcomed a chance to receive Bulganin and Khrushchev, during their trip to India and Burma. But they have not gone overboard in showering them with public acclaim. Afghanistan apparently hopes to win Soviet aid and friendship without becoming a satellite. She hopes to continue receiving American aid, and she wants the Americans and British to use influence in their behalf with Pakistan.

Ike To Be Checked Today; Results Are Vital to GOP

By THE ASSOCIATED PRESS
Republicans anxiously awaited the results of another medical examination of President Eisenhower today as Sen. Kefauver of Tennessee embarked on a new try for the Democratic presidential nomination.

Eisenhower's checkup at his Gettysburg, Pa., farm had broad political significance because the extent of his recovery from a Sept. 24 heart attack could bear heavily on whether he will seek a second White House term.

Adlai Cordial
Kefauver's official entry Friday into the race for the Democratic nomination in 1956 received a cordial reception from Adlai E. Stevenson.

"Come in, the water's fine," Stevenson said in Chicago. Stevenson, the Democrats' 1952 presidential standard bearer, has been an announced candidate for about a month.

The Tennessee senator said in Washington he will campaign to build up his own nomination chances and won't try to tear down any other Democratic candidate. Stevenson said he was glad to hear Kefauver "wants to

Yuletide Loan Offered Strikers At Westinghouse

PITTSBURGH (AP)—Leaders of two striking unions reacted with mixed feeling to an offer of Westinghouse Electric Corp. to lend up to \$100 to strikers and furloughed employees for Christmas.

Gwilym A. Price, board chairman and president of Westinghouse, made the offer Friday to provide jobless workers with the "essentials for a decent Christmas."

Al Hartnett, secretary-treasurer of the International Union of Electrical Workers, said "they have offered a bribe."

Daniel Margulies, president of Dist. 6 of the United Electrical Workers Independent, said: "It's a nice gesture. But if Price wanted to do something nice for Christmas he should have accepted our wage proposal and put the people back to work."

The IUE struck Oct. 17 to enforce demands for a 15-cent hourly pay increase under a reopening clause in a two-year contract, and limitations on company time studies.

Except for the time study issue, the UE has presented the same demands. It struck Oct. 26. Union members averaged \$2.10 an hour before the strikes.

Railroads Will Ask 7 Per Cent Hike in Rates

CHICAGO (AP)—Immediate 7 per cent increase in freight rates and charges will be sought by the nation's railroads to meet higher wage and material costs.

The railroads issued this statement in Chicago Friday:

"The 7 per cent increase is the minimum necessary to offset the cost of recent railroad wage and material price increases, which amount to more than a half billion dollars."

A presidential fact-finding committee recommended wage increases and health benefits for 750,000 non-operating rail employees. Neither side yet has acted on the recommendations.

Most of the non-operating employees would get a 14 1/2 cents an hour increase plus 2 cents an hour toward health and welfare. Increases also have been won by several operating unions.

Engstrom Asks Longer Leave

State Police Capt. Henry Engstrom, who was recently suspended for six months by the State Police Merit Board, disclosed Friday that he will not return to his post until Jan. 1, 1957.

The former Sterling and Rock Island district commander said that he has been verbally promised a leave of absence until that time.

His suspension, based on his guilty plea to a variety of charges, ends May 2.

increase the unity and strength of our party," adding: "Certainly, we shall need unity and strength next November."

Had Early Lead
In 1952, Kefauver rambled over the country in a handshaking quest for delegate support. At the Chicago convention that summer he topped the early balloting, only to lose the nomination to Stevenson, who went down to defeat by Eisenhower.

Stevenson has announced plans to enter primaries in Minnesota, Illinois, Pennsylvania, Florida and California. Kefauver said he would enter the California test June 6 but that he hadn't made up his mind where else to challenge Stevenson.

Another Ohio favorite son aspirant bobbed up Friday when Republican Sen. Bricker announced he will run in the primary as a

Drop Food to Eskimos Left Hungry by Bears

GOOSE BAY, Labrador (AP)—The royal Canadian air force has replenished supplies of an isolated Eskimo community left starving after a raid by five hungry Polar bears.

An RCAF plane reported it completed a food drop Friday to Eskimos near Port Burwell, in the northeastern tip of Quebec Province. When the food was dropped, the Eskimos were living off the carcass of one of the bears they killed while it was trying to escape.

A U. S. Air Force helicopter crew learned of the community's plight two weeks ago during a refueling stop at Port Burwell. The U. S. airman reported to a police outpost, and officials passed on the news to the RCAF.

The number of Eskimos in the community was not reported.

Reds Picture Our Press As Enraged

LONDON (AP)—The Soviet government newspaper Izvestia said today the West was "enraged" over successes achieved by Kremlin leaders during their visit to Asia.

Reviewing the trip of Premier Nikolai Bulganin and Communist party boss Nikita Khrushchev to India, Burma and Afghanistan, Moscow radio quoted the paper as saying:

"As was to be expected, the Western reactionary press and of the colonial powers first and foremost raised a hue and cry about the visit of the Soviet leaders to Asian countries."

"The press and its masters are clearly enraged at the sight of the steadily growing friendly relations between the Soviet Union and the Asian peoples who have cast off the shackles of colonial slavery and embarked on the road of independent development."

Izvestia said the West has adopted the "big lie" propaganda in trying to discount the achievements of Khrushchev and Bulganin and had even gone so far as to accuse the U.S.S.R. of colonialism.

State police reported Friday that 1,942 persons died on the highways during the first 11 months of this year. 223 of them in November. The November toll was 11 percent higher than that of the corresponding month in 1954.

Dukes Begin League Play With Victory

Show Team Play, Gain 64-52 Win

By ART MATHERS
(Telegraph Sports Editor)

Dixon High basketball coach Lyle Bogott made his official debut as a North Central Illinois Conference coach last night at the high school. And if all his team's games come off as smoothly as last night's 64-52 win over Rock Falls Rockets, Mr. Bogott should be around the NCIC for a long time to come.

Now sporting a 4-2 overall season record, the Dukes were preparing today for this evening's non-league clash at Amboy against the Amboy High Clippers. The Clippers, an up-and-down club so far this season, are expected to be back "up" for this traditional Lee County clash after fading in the fourth quarter last night at Newman to lose 64-57.

Good All-Around
An estimated 1,100 fans looked on in appreciation last night at the high school as the Dukes turned in what was probably their finest all-

around game of the year. Offensively, defensively and on the backboards the Dukes were the superior team.

The Dukes, playing against a Rock Falls team that had lost their best scorer, Bill Croy, by withdrawal from school, moved into a commanding 11-point lead early in the second quarter. Rock Falls could get no closer than four points thereafter.

Statistics confirm the claims of Dixon's superiority. The Dukes, despite an erratic third quarter in which they made but five out of 15 shots, hit on 27 of 65 for the evening. Although the 40.2 shooting percentage was barely above Rock Falls' 39.3, the Dukes got 14 more shots and made seven more field goals than the Rockets.

Rebound Superiority
No rebound statistics on the offensive boards were available, but the white-clad Dukes led a 21-18 off the defensive boards. Dixon's Ken Mueller took good care of the offensive boards, scoring practically all his eight field goals on rebounds and short shots.

The 6-3 Mueller, also connecting on four of six free throws, led the Dixon scorers with 20 points. He was closely followed by Ken Frankenberry, who poured in five buckets in the last four minutes of play and finished with 19. Bobby Hill, playing his usual outstanding floor game, followed with 12. The floor play of all five starters was good.

Louis Wolbert led the Rock Falls attack with 21 points, achieved on six field goals and nine out of 14 foul shots.

Even At Start
The first period was fairly even, with Dixon leading from two to four points most of the way and finishing the quarter ahead 16-12.

Once the second period got underway, however, it didn't take the locals long to build up a nice lead. On consecutive fielders by Mueller, Frankenberry, Mueller and Reeder, the Dukes shot to a 24-13 lead with only 1:18 gone in the frame.

Dixon built its lead to 30-19, 32-20 and 36-24 late in the quarter and came to halftime with a 36-26 advantage.

Strongest Threat
Early in the third stanza Rock Falls unleashed their strongest threat of the night, as Wolber and Cain collected four points each to narrow the gap to 38-34 with 4:50 left in the period.

But Dixon staged a spurt of its own at this point, hitting for nine points in a row and a 47-36 lead at the end of the third.

The lead fluctuated between 12 and 18 points through the fourth quarter, which ended with the teams tied at 45-45.

Newman's Long High
Newman's Dick Long was the game's highest scorer. He got 22 points, on eight field goals and six free throws. Newman's D. McKinn and the Amboy players, Kuffel and Anderson, followed with 13.

Amboy plays host to Dixon High in a home game tonight. Scoring for the Amboy-Newman game:

NEWMAN (64): D. McGinn 13; J. McGinn 12; Ribardy 2; Long 22; Grieb 7; Ganman 6; McCormack 2.

Cards Build League Lead

Knock Off Byron to Gain Full Game in Flag Chase

FORRESTON (Special)—Coach Bob Brinkmeier's undefeated Forreston Cardinals took a man-sized step toward the Route 72 Conference championship Friday night as they polished off neighboring Byron 71 to 61.

Meanwhile, Monroe Center, which had been the Cardinals' strongest contender—fell 46-43 at the hands of Winnebago to drop two full games out of the pace.

Ashton Wins
And the Ashton Aces boosted their league record to two wins and three losses with a scintillating 60-59 overtime win over scrappy Leaf River.

Forreston, taking advantage of familiar surroundings, seized a 20-11 lead at the quarter. The Cards had been using a zone-press defense effectively as they built their lead on the small court, but Byron scored almost at will in the second period, pulling one point short of a tie, 40-39, at the half.

During the second half Forreston switched to a more conventional zone with better results. They increased the lead to seven points at the end of the third and widened the gap to 10 at the final whistle.

Heidenreich Leads
Byron's Bob Heidenreich, scoring mostly on drive-in shots, led all other scorers with 27 points. Smith, a jump shot artist, headed Forreston scorers with 25.

The Forreston frosh-soph cagers, still unbeaten, rolled to their eighth win in a row. However, Byron gave them quite a battle before bowing by a 44-41 final score.

Cellar-dwelling Leaf River, which lost to Byron by only three points Tuesday night, forced Ashton into an extra period after the teams tied 55-53 at the end of the regulation game.

Fouls Make It Close
Ashton scored 10 more field goals than the Leafs, but the latter sunk 33 out of 47 free throws compared to 14 out of 31 by Ashton.

Lanky Wayne Schultz of Leaf River hit on 14 out of 15 shots at the foul line and topped the scoring totals for both clubs with 22. Highest Ashton total was 14 by Larry Hentert.

Ashton's frosh-soph five whipped the Leaf River frosh-soph 57 to 41. Scoring in the Route 72 games involving area teams:

Rock Falls S-F Trounce Dukes

The Rock Falls frosh-soph team had too much for Coach Lloyd Swan's Dixon frosh-soph last night and rolled over the Dukes 63-45 in the prelim to the varsity game at the high school last night.

Rock Falls jumped to a 15-10 first-quarter lead and widened it to 30-16 at the half.

Damage Already Done
The Duke underclassmen played the Rockets to a virtual standstill the remainder of the way, but the first-half deficit was too much to overcome.

Ken Siebel led the way for Rock Falls as he cut the nets for 13 points. Bill Guthrie led the Dukes with 15.

Hawks, Polo Triumph

OREGON and Mt. Carroll surged to the forefront in the Blackhawk Conference Friday night, as Oregon, Polo and Mt. Carroll each chalked up key victories.

While Coach Ray DeMoulin's league-leading Oregon Hawks were chalking up their third conference victory in as many starts, beating Lanark 71-44, Mt. Carroll bested Milledgeville 60-54 and Polo topped Mt. Morris 77 to 60 in one of the area's most famous traditional games.

Mt. Carroll Second
Effect of the full slate of league action was to place Mt. Carroll as the chief contender to the Hawks. Polo, Mt. Morris, Milledgeville and Lanark are in a four-way tie for third.

Oregon's Red and White spurred to a quick 17-6 first quarter lead in their game at Lanark. Leading 30-19 at halftime, the winners turned the game into a rout with a 22-point third quarter that gave them a comfortable 52-29 lead.

Guard Jack Glatfelter, senior guard and captain for the league leaders, paced the Oregon scoring attack with 24 points. Lanark's Gary Smith took runnerup honors with 22.

Oregon won the frosh-soph battle, 52 to 32.

Polo Upsets Mt. Morris
Polo's Blue and Gold, coached by Joe Jobst, pulled a surprise against Mt. Morris at Polo. Mt. Morris, which previously had defeated Rock Falls of the NCIC by a 68-54 count, was the victim of two hot middle quarters by the winners.

The Marcos took a slight 15-12 lead at the end of the first period, then really cut loose to outscore the Cardinal and Black 20-12 in each of the next two quarters. That made it 55-38 at the end of the third period, and Polo had the game in the bag.

Mt. Morris' Mounders, despite their loss, had the game's high scorers in Stan Messer and Bob Hanke, who connected for 24 and 21 markers respectively. Hanke scored 17 of his 21 in a hot second half.

Franklin Grove Loses, 66 to 55

FRANKLIN GROVE (Special)—A cold first quarter spelled disaster for the Franklin Grove Wildcats last night at Big Rock as the Big Rock Panthers rolled to a 66-55 victory in an exhibition game on the Franklin Grove court.

Big Rock, a good shooting club, hit for 21 points in the first quarter while holding Coach Maurice Heckman's Wildcats to 7.

Closer Middle Periods
The second and third quarters were closer, but Big Rock increased their lead slightly, to 39-22 at halftime and 59-37 at the end of the third quarter. It was a downhill ride for the Panthers from there on in, although the losers grabbed a commanding 18-7 advantage in a fourth quarter loaded with substitutions.

Dewain Hecathorn of the Grovers tied with Davis of Big Rock for high scoring honors, with 18 points.

Drop Prelim
It was a tough night all around for Franklin Grove, which lost the frosh-soph game by a score of 44-42 when Big Rock's Florence hit for the winning bucket in the final three seconds.

Scoring went as follows:
BIG ROCK (66): Davis 19; Ford 8; L. Fritsch 20; Bunc 7; Jump 8; R. Fritsch 4.

Duke Wrestlers Triumph 34-15

Team Displays Improved Form In Rout of Rocket Grapplers

ROCK FALLS—(Special)—The Dixon High wrestling squad, turning in its finest performance of the season, swept the last six matches on the program to upend a strong Rock Falls team, 34-15, here Friday night.

Dixon coach Don Barnhart, a man normally sparing with his words of praise, had plenty of compliments this time. "We looked tough tonight," he said. "Tom Coffey, Jim Gardner, Murrie Grove, Jim Dixon and Bud Melvin all looked good," he added.

DeHaib Next

The visiting Dukes, now 2-2 for the season, will face DeKalb at home Wednesday night in their final wrestling card before the holidays. They won't wrestle again until Jan. 11, when they travel to LaSalle-Peru to meet LaSalle-Peru High.

For the second night in a row, they trailed 10-5 at the end of the fourth match, and at the completion of bout six they were in arrears by a 15-8 score.

From there through the final match Dixon outscored Rock Falls 26-0, getting their points on two falls, two decisions and two forfeits during the six-match string.

Grove and Melvin were five-point scorers for Dixon. Grove pinned Rock Falls' Weber in a 138-pound match at 1:48 of the second period.

Melvin turned in his third fall in four matches this season, pinning Pengrafit in a heavyweight bout at 1:04 of the second.

Coffey, in the 112-pound class, outscored his opponent, Harrell,

4-0 for his three-point contribution. The 127-pound Gardner, defeating Shafer 6 to 2, also won by decision.

Consistent Les Kubecka, 154, was another Dixon victor, winning over Kelsey in an unexpectedly close 5-4 match.

Jim Dixon Wins Easily

But the biggest Duke margin of the night was turned in by 165-pound Jim Dixon, who gained his 5-0 showing by defeating Hand by the lopsided margin of 10 to 4.

Dixon's Alan (Butch) Bollman, a 95-pounder, drew with Nutt, 3 to 2.

Matches scheduled for the 145-pound and 175-pound classes were forfeited to the Dukes, accounting for 10 of the 34 Dixon points.

Only three Dixon wrestlers lost. Bob Myers, 103, was edged by Cleveland 3 to 0. Bob Birch, 120, was pinned by Bachman in 0:56 of the first. And Chico Contreras, 133, was pinned in 0:32 of the third by Scanlon.

Roush Gets 40, But Ohio Gains 68-67 Victory

OHIO—(Special)—The Ohio Bulldogs eased by the Neponset Zephyrs tonight, 68-67, in an action-packed Little Eight tussle at Neponset.

The win enabled Ohio to stay a game behind league-leading Tarkenton. Ohio now has a 2-1 record in league play.

It was a seesaw battle with the lead changing hands continually. The game was knotted at 35 at halftime and Ohio led 55-53 at the three-quarter stage.

Sheridan Gets 22
Jack Sheridan proved to be the spark for the Bulldogs as he dropped through 22 points for the winners.

Harold Roush, 5' 11" jump shot expert almost broke Ohio's back by scoring 40 of his team's points on 18 field goals and four free throws.

It took the Neponset frosh-soph team two overtime periods to down a determined Ohio five, 44-42.

The scoring:
OHIO (68): Sheridan 22; Gugerty 12; Etheridge 15; Schultz 7; Anderson 3; Todd 9.

NEPONSET (67): Roush 40; Kaiser 13; A. Carlson 4; Milens 8; Heise 2.

IN THE COUNTY COURT
Henry O. Lovett, Executor of the last will and testament of Olive L. Heagy, deceased.
Plaintiff
vs.
Patricia Faye Heagy, et al. Defendant.
Affidavit of non-residence of Patricia Faye Heagy, Caryl Susan Heagy, David Louis Heagy and Sidney D. Heagy, impleaded with the above defendants, Bernice Karraker, Dorothy Schaefer, Gerald James and The Dixon National Bank of Dixon, Illinois, Trustee, having been filed in the office of the Clerk of the County Court of said County, notice is therefore hereby given to the said non-resident defendant that the plaintiff filed his complaint in said Court on the 20th day of October, A.D. 1935, and that thereupon a Summons issued out of said Court, wherein said suit is now pending, returnable on the first Monday in the month of January, A.D. 1936, as is by law required. Now, unless you, the said non-resident defendant, above named Patricia Faye Heagy, Caryl Susan Heagy, David Louis Heagy and Sidney D. Heagy, file your answer or otherwise make your appearance in said cause in said Court, held in the Court House in the City of Dixon, Illinois, on or before the first Monday in the month of January, A.D. 1936, the said plaintiff may take judgment against you by default.

One-Minute Reviews Describe New Books at Dixon Library

Thinking Life Through, by Fulton John Sheen. More of Monsignor Sheen's collected radio talks.

Cancer and Common Sense, by George Crile, Jr. One doctor's attempt to view the grave disease in perspective without undue fear and alarm.

The Flying Saucer Conspiracy, by Donald Edward Keyhoe. The author of "Flying Saucers From Outer Space" defends his views against the jeers, and, as he says, suppression of information by the government.

McCall's Complete Book of Bazaars, by Harriet Hawes. Ideas for fund raising by means of bazaars.

and how to manage them.

Handbook of Indoor Games and Stunts, by Darwin A. Hindman. An addition to the library's extensive collection of game and party books.

How to Arrange a Public Function, by S. Jay Kaufman. How to make all the plans and arrangements necessary for any kind of public meeting or function.

The Complete Book of Party Games, by Alexander Van Rensselaer. And another book of games for parties.

A Many-Splendored Thing, by Han Suyin, pseud. The autobiography from which the movie "Love Is a Many-Splendored Thing" was made. The library ordered it "rush" just before the movie was shown in Dixon and has just received it!

Memoirs, by Harry S. Truman. Volume one, subtitled "Year of Decisions," of the former president's autobiography.

The Bond and the Free, by Charles Dunscomb, pseud. The story of Lavinia, a young Roman girl who went to visit her aunt, the wife of Pontius Pilate, in Judea. Here she heard of the new cult of a local man, Jesus.

Beyond Desire, by Pierre LaMure. A novel based on the lives of Felix and Cecile Mendelssohn by the author of "Moulin Rouge."

An Episode of Sparrows, by Rumer Godden. A beautiful, compassionate poetic story of the effects of a package of cornflower seeds dropped on the pavement of Catford Street, London, where no green thing grew. Two street children found and planted the seeds.

The Man Out of the Rain, by Philip MacDonald. A collection of short mystery stories.

The Golden Journey, by Agnes Sligh Turnbull. Love, ambition and politics mixed as only the author of "The Bishop's Mantle" and "Gown of Glory" could do it.

Singer Macrae Fined as Drunk

SAN FERNANDO, Calif. (AP)—Singer Gordon Macrae, who police said flunked a sobriety test following a traffic accident Tuesday, has been convicted of drunk driving and fined \$315.

Macrae had previously pleaded innocent and had demanded a trial by jury. But Friday he waived jury trial and submitted the case to Judge Julian Beck.

The singer was arrested after his car rammed three others, police said.

Quakes Rock California Valley Area

EL CENTRO, Calif. (AP)—The Imperial Valley was rocked by a series of earthquakes Friday night which toppled many home Christmas trees, shook buildings and broke shop windows in nearby Brawley.

No injuries were reported and damage was minor from the tremors which began at 7:43 p.m. and lasted until 10:51. Reports varied on the number of shocks. Some observers said there were as many as 16.

In Brawley, 14 miles north of here, shop windows along Main Street were shattered and police evacuated and roped off the area.

Long-Range Plan

FALL RIVER, Mass. (AP)—Someone unidentified has cut halfway through the 10-inch diameters of four shade trees on the property of Mrs. Anne L. Mitchell.

Mrs. Mitchell asked police Friday to investigate. She said that each morning this week she found evidence the trees had been sawed "so that when the wind blows they'll topple on the house."

Fifth Amendment Witness Dropped From City Post

CHICAGO (AP)—A man who refused to testify about communism, but agreed to change his mind if offered immunity, has been suspended from his job.

Ellis Olim, 44, an \$8,500-a-year official of the Chicago Land Clearance Commission, is the second Chicagoan to be removed from a job because of refusal to testify before the House un-American Activities Committee.

Olim refused to answer the committee questions Thursday as to whether he ever was a member of the Communist party, as an earlier witness claimed. He invoked the Fifth Amendment.

However, he was offered immunity from prosecution and then consented to testify. The committee's three-day Chicago hearing was continued to March after Olim made the offer.

Olim was chief of general services for the commission, a body which acquired land for slum rehabilitation and industrial development.

Philip Doyle, commission deputy director, said the agency's five commissioners will review Olim's case Dec. 28. He said Olim signed the Broyles oath, a loyalty pledge required of persons paid with state funds.

Gerald J. Matchett, 83, professor of economics at Illinois Institute of Technology was suspended earlier after he refused to answer certain questions of the committee.

1955 Rose Queen To Be Married

LOS ANGELES (AP)—The 1955 Tournament of Roses queen, Marilyn J. Smuin of San Gabriel, is going to be married.

She and Wells F. Martell, 21, a sophomore in the University of Southern California School of Dentistry, appeared at the county clerk's office Friday and obtained a license. She is 20 and a student at UCLA, majoring in elementary education. Martell's father is a San Gabriel dentist.

State Troopers to Get Safety Belts

ALBANY, N. Y. (AP)—The New York State Thruway Authority is buying safety belts for use in cars driven by state troopers patrolling the toll superhighway.

"NEW" FLOORS FOR OLD in 1 Day!

It's true! With FABULON, the revolutionary new finish for wood floors, you can make your old floors "new" in one day. Remove the old finish with a modern, easy-to-use sanding machine, available at low rental from your paint, hardware or lumber dealer.

Just sand the floors with your vacuum cleaner; then apply two coats of FABULON; no filler or sealer needed. FABULON comes ready for use—no stirring, no setting, no shining. Floors are easily washed with brush or roller; dries in half an hour.

Allow the last coat a few hours to harden well, and your "new" floors are ready to use. . . the entire job completed all in the same day! What's more, your FABULON-ed floors never need waxing or polishing! FABULON's no touch, dry and grain won't grind it. That's because FABULON is the "truth" of a finish used on the finest bowling alleys all over America. \$2.05 per sq. ft. \$4.99 gal.
